

Hotel Car Charger – Terms and Conditions

Welcome to our electric vehicle (EV) charging facility. To ensure a safe and fair experience for all guests, please review the following terms and conditions.

1. Eligibility and Access

- EV chargers are available exclusively for registered hotel guests and authorized visitors.
- Use of the charging station implies acceptance of these terms.

2. Usage Guidelines

- Charging bays are allocated on a first-come, first-served basis unless pre-booked.
- Guests must follow all posted instructions and use the equipment responsibly.
- Please return charging cables to their holders after use.
- Maximum charging duration may apply to ensure availability for others.

3. Fees and Payment

- Charging fees (if applicable) are displayed at the station or available at reception.
- Payment must be completed via approved methods before or during charging.
- Overstay charges may apply if vehicles remain connected beyond the permitted time.

4. Safety and Liability

- Guests are responsible for ensuring their vehicle is compatible and in safe working condition.
- The hotel accepts no liability for damage to vehicles, loss of data, or personal injury resulting from misuse or equipment failure.
- The hotel is not responsible for power outages or service interruptions beyond its control.

5. Conduct and Compliance

- Tampering with or misusing the charging equipment is strictly prohibited.
- Any damage caused by negligence or improper use will be charged to the guest's account.
- Unsafe or unlawful behavior may result in denied access and notification to authorities.

6. Monitoring and Data

- Charging sessions may be monitored for safety, billing, and operational purposes.
- Any personal data collected will be handled in accordance with our [\[Privacy Policy\]](#).

7. Changes and Termination

- The hotel reserves the right to suspend or terminate access to the charging facility at any time.
- Terms and conditions may be updated periodically. Continued use implies acceptance of the latest version.
